DESCRIPTION:

We are "Benvenuto Family Restaurant," a restaurant chain with operations in Piedmont and Lombardy.

One of our restaurants is located inside the Vetra Building, located in the city center. A strategic meeting point between past and present in the heart of Milan, where we have been present since 2019.

I'm writing to you because we would be delighted to collaborate on exhibiting your installations during Fuori Salone week.

During lunchtime, we offer a fast lunch to local professionals, and in the evenings, we host groups and families. In the afternoons, we often host private events. Our restaurant welcomes approximately 2,000 customers each week.

We are confident that exhibiting products in our restaurant will, first and foremost, contribute to our participation in the world-class design week. For our customers, it would be a pleasant experience to see your work firsthand, and for you, it would naturally be an opportunity to sell and/or advertise your work as a designer.

We've had similar experiences before; our shop already has artworks that our customers have greatly appreciated.
